Hand in hand with the launch of MV Live, ManyVids' new camming platform - we proudly present MV Mag 18 full of more things inviting, fresh, and full of adventure! Let's take a step back and enjoy turning the pages as we explore all the wonderful things that MV Mag 18 has to offer!

A natural beauty, Eva Lovia, is adorning the MV Mag cover topless and surrounded by captivating purple hues. An absolute sweetheart, it's evident why she is an admirable starlet surrounded by loving and loyal fans. You are sure to relish each photo from her set more than the last and wonder how one can be swept off their feet so darn quickly!

Our next destination is a magical one as we venture into the land of Lauren Phillips in Be My Fairytale. The name says it all! Whimsical and breathtaking, let's savor the enchantment of this photoset and not forget that with every fairytale comes a "happily ever after".

A little less innocent, and a little more devilish next up we have the tattooed and beautiful Kleio Valentien in 3x Rule. If you didn't already love a good game of billiards, we're sure you will now. Surrounded by balls and spread across the felt table, we discover the fine line between elegance and rebellion. And in Banan-Appeal, Lilcanadiangirl proves that silly can also be sexy as she demonstrates her playful personality covered in both graphical and real bananas!

Afterward, we experience Bonnie Bruise in Shining In Shade. Shot in Miami and giving us an evidently warm setting, her luxurious style, and organic vibe remind us that summer is still here (even if we're chilling in the shade). And last but not least, we wrap up this issue with the one and only ChronicLove69 in Aced and you'll wonder why you haven't made your way to a tennis court yet this year. All in all, this MV Mag will have your heart racing, and mind spiraling - and we dare you not to BLUSH!

1. What was your first adult industry experience like?

My first experience in the adult industry was my first scene with RK called Ball to Mouth and I wasn't nervous, just excited. I had the best male talent and director that helped me learn the ropes. My first adult experience was actually one of my best!

2. What were some of the most daring risks you've taken in life so far?

I think the most dangerous thing would be picking up and moving by myself. I have a lot of balls or courage to move with no one coming with me.

3. If you could go back in time 10 years and tell your younger self an advice, what would you say?

I would tell myself to double major in business and social media marketing, lol.

4. You've said that you have an insatiable appetite for sex. So what would it take for a sexual partner to satisfy you?

It doesn't take much... I love to cum, that's usually my major goal.

5. What was the most unforgettable custom video request you've ever received?

I had a custom where the guy ordered a gangbang with double anal.

6. What was the riskiest sexual experience you've ever

I don't know what you consider riskiest... I guess doing Team BJ was a little risky.

7. Excluding sex, what things in life do you love the most?

Dancing is my first love and passion. So I always love doing it.

8. What lies next in your adult industry career?

I don't know... Let's see!

Take a walk on the wild side. LaurenPhillips.ManyVids.com

A long time ago in a galaxy far, far away, I met Joanna Angel and shot my first scenes for Burning Angel.

2. How do you spend your free time?

I like to sleep and eat, not at the same time. That is pretty fun. I also like to play my PS4, cook/bake and sew. I create a lot of my own outfits for when I feature dance.

3. Do you consider yourself an introvert or an extrovert?

Introvert! I am pretty shy.

4. What makes you feel accomplished?

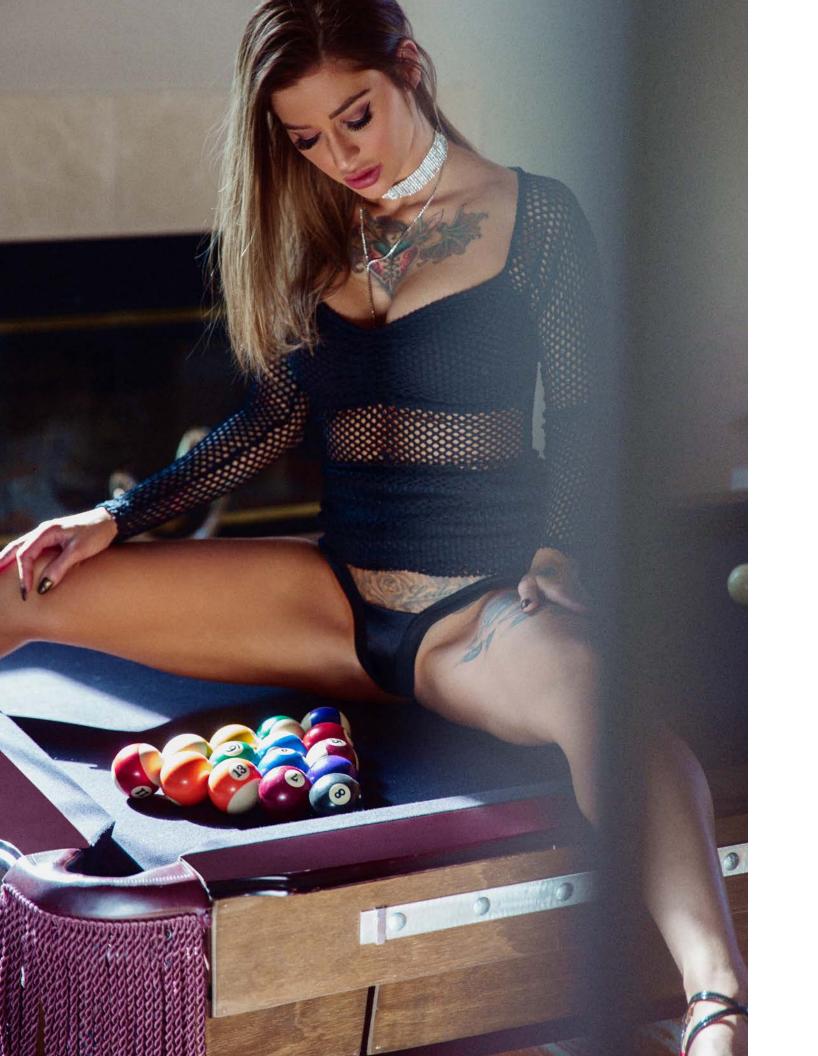

When I set a goal for myself and meet that goal! Cliche, I know

5. What is a relationship deal breaker for you?

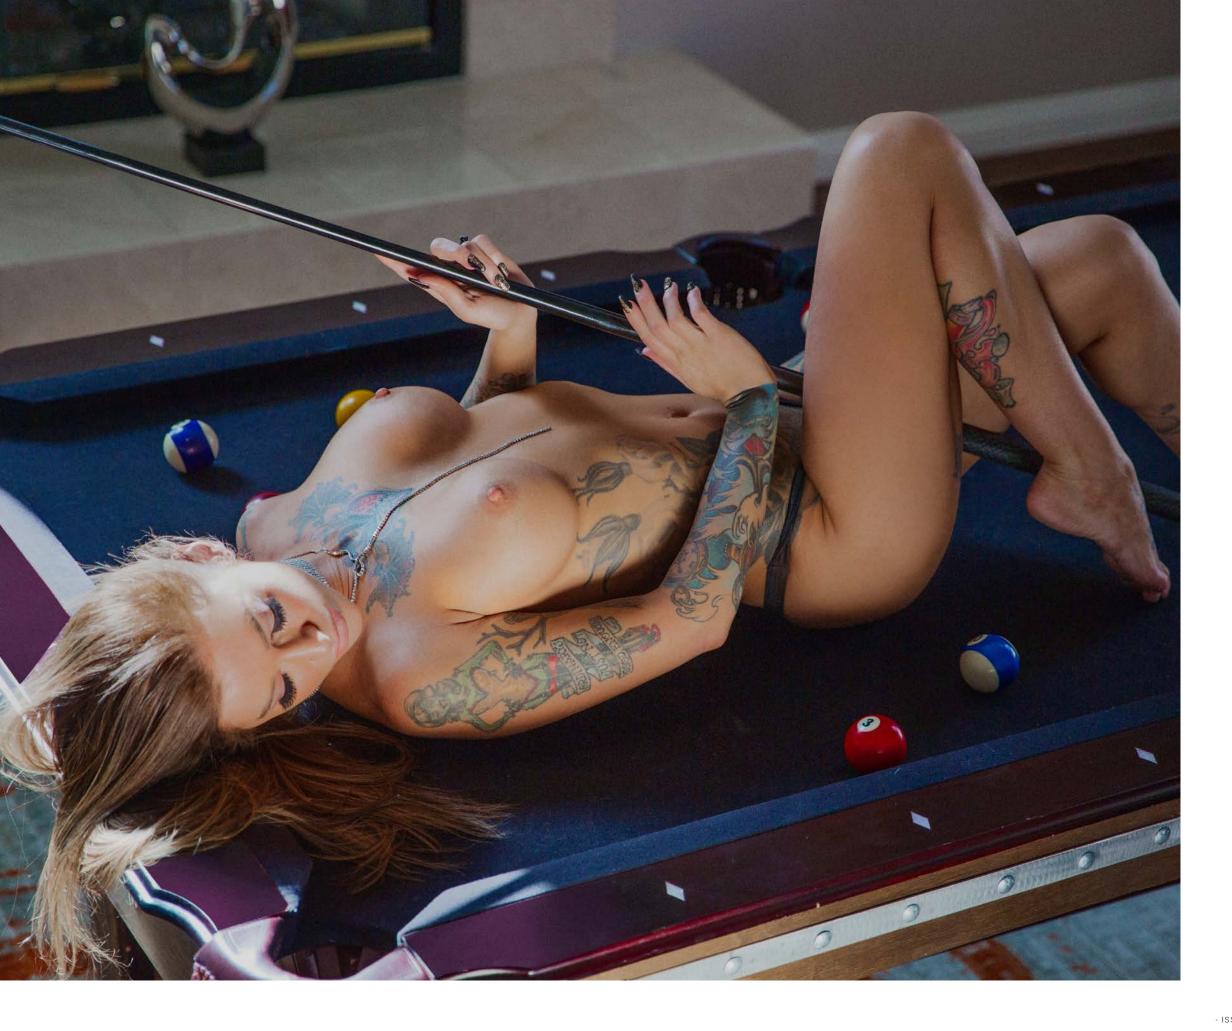

Poor sense of humor!

7. Would you ever change your name, and if so, what would your new one be?

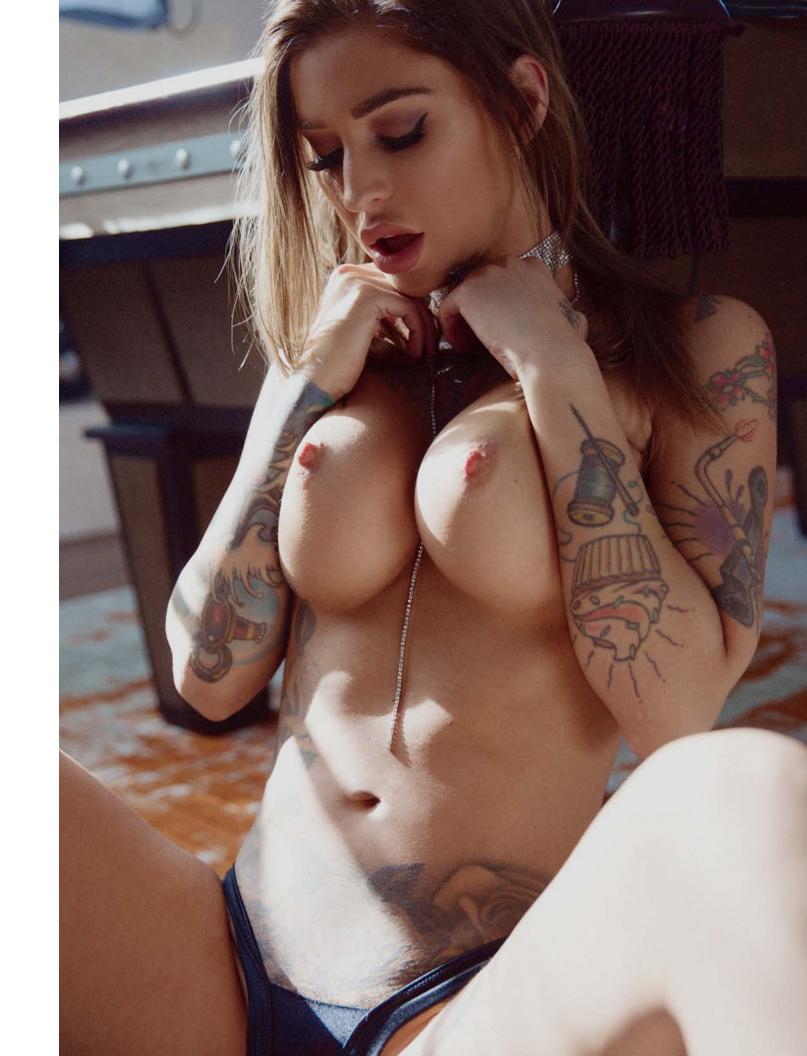

I wouldn't change my name!

8. What job would you be terrible at?

Ummmmm, an Apple genius bar employee!

1. What video games do you like to play/ what was the first game you ever really got into?

Yeah! So I haven't been playing many games on Xbox lately because I've been concentrating on my work but I've always loved gaming. I used to be totally obsessed with Halo 3 for Xbox 360, I'd like to play PlayerUnknown's Battlegrounds or Overwatch on Twitch:)

2. You're very open about getting a breast augmentation. Is there any other work you plan on doing?

Yes, it is a big change to my body so I have to be open about it. Right now I am very happy with myself and my boobs, so no, I don't think I would get anything else done.

3. What do you like about being an MV Girl?

I don't just like being an MV Girl, I actually love it. ManyVids and the members here are really awesome. They are all super supportive and I love everything ManyVids does for us. There is so much traffic and my favourite part is meeting so many wonderful people. We are all so creative and unique.

4. You appeared in an MV Pop video where you taste tested popsicles, what other types of food would you like to spend time reviewing?

That was a lot of fun. I think it would be cool to try different foods that I have never tried before... Like different exotic fruits. Or food from other countries like vegemite or black pudding.

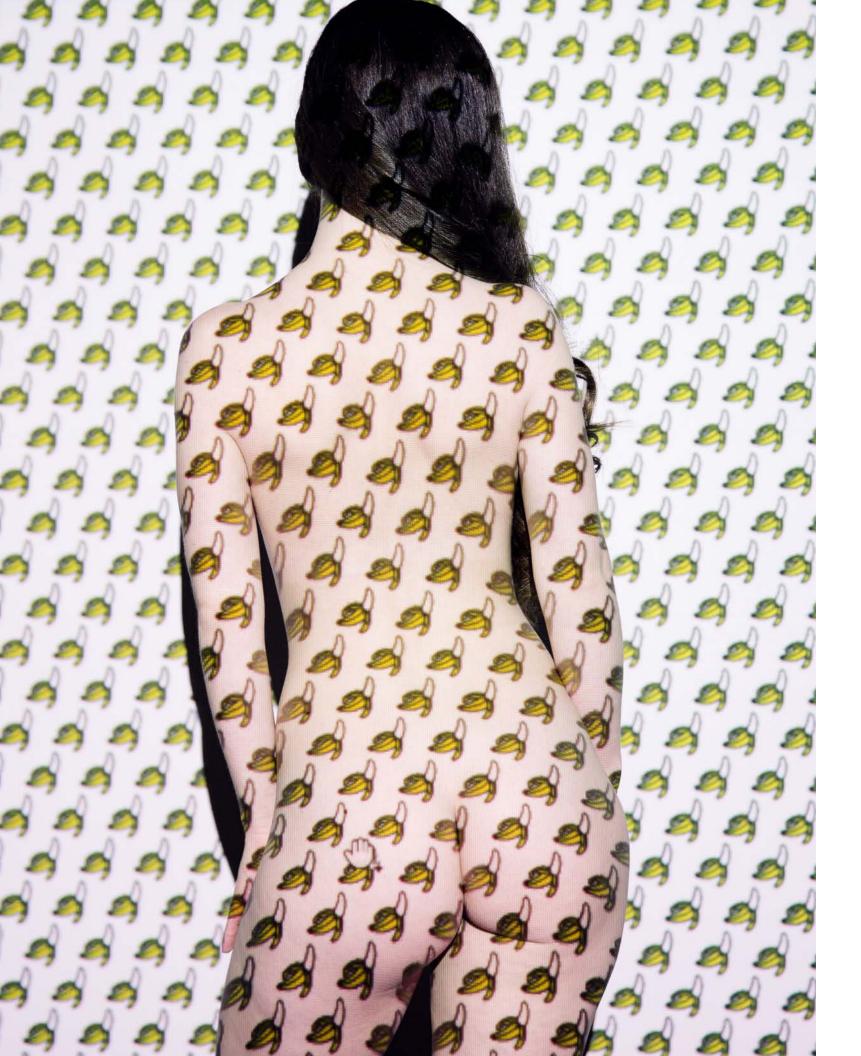

5. What are your favourite beauty products to use?

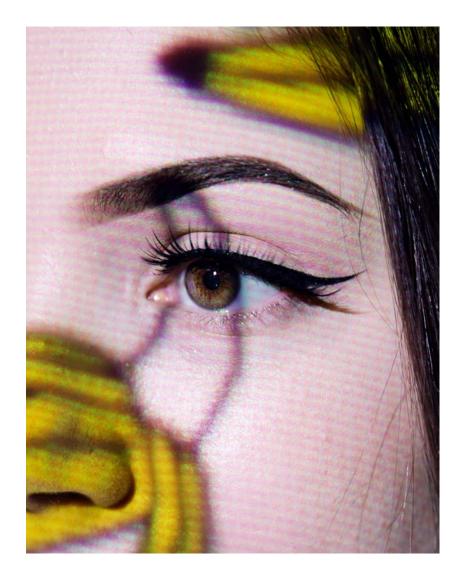

My favourite line of beauty products is Pacifica. They have everything from makeup to shampoo and perfume. My hair is so long and so thick their coconut shampoo and conditioner makes it feel nice and soft:)

6. How would you describe your style?

I would say I'm more of a comfortable style. If I'm not working, I'm usually wearing pajamas or sweatpants and a big t-shirt!

- ISSUE 18 -

7. You've dressed up as Dorothy from the Wizard of Oz, Snow White and Wednesday Addams from the Addams Family. Are there other characters you want to portray?

I would love to do D.Va from Overwatch and Rem from Re:Zero.

8. What do you love about being Canadian?

Everyone thinks we are so nice! And we definitely are! I love that we get to experience all 4 seasons, even though winter is pretty damn cold. The snow is beautiful.

1. When you're not working, how do you like to spend your time?

If I'm not online, I live in Vegas- so there's always something to do if I feel like going out but most of the time I prefer being cozied up at home; designing things for my stream or making crafts.

2. What does success mean to you?

To me, success means not only finding stability financially and mentally, but it also means making a positive impact on people's' lives while balancing your own happiness. At the end of the day, camming isn't a stable career. You never know what's going to happen or how much you're going to make and I think that alone can be stressful. It can be hard in this industry to try to make people happy and not neglect your own happiness. I'm sure a lot of models feel like there's some things they can't talk to people about like the stresses of being a self employed adult in the adult industry. So it's up to us as models to remember to take care of ourselves!

3. If you could instantly become an expert in something, what would it be?

Vlogging! I've always been intrigued with the production of vlogs! It's definitely on my list of things to try out!

4. What's your guilty pleasure?

I love getting cute, unique 3D nail art done. It's kind of pricey and takes a long time (sometimes 4 hours) but the end result is so worth it. My nail tech is extremely talented. I usually get 3D bunnies or bears but I switch it up from time to time. I love expressing myself through my fashion all the way from the different headbands and hair clips I wear, down to my nails and toes.

5. If you had to choose only 3 adjectives to describe yourself, which would you choose?

I would say; adventurous, determined and withdrawn in that order. Lol! I can think of the craziest things to do and once I put my mind to it- no one is stopping me... mainly because I'm very good at tuning the world out.

I have a good handful of close friends but for the most part, even they sometimes won't hear from me for a few days because I'm in my own bubble with my head in the clouds. I think part of that comes from my teenage years when I'd go to school and socialize a lot,(I was really outgoing!) but after school I wasn't allowed to do much so I would immerse myself in this little bubble of daydreaming and creativity to fix my boredom. Camming has made socializing/entertaining something I love and am passionate about, but at the end of the day, Im only on my phone about 30% of the time. I seem really social to those who first meet me but I'm still a little bit of a lone wolf at heart.

6. What are your favorite aspects of camming?

I love meeting new people and learning new things! In my room, we have "worlds" and "lands" we play pretend in. We also have interactive, on-screen games we play that we've created! My favorite one is Fantasy Quest. It's a choose-your-own-fate, RPG we made up with fun graphics, levels and prizes. Everyday is a new opportunity to test our creativity and come up with something brand new!

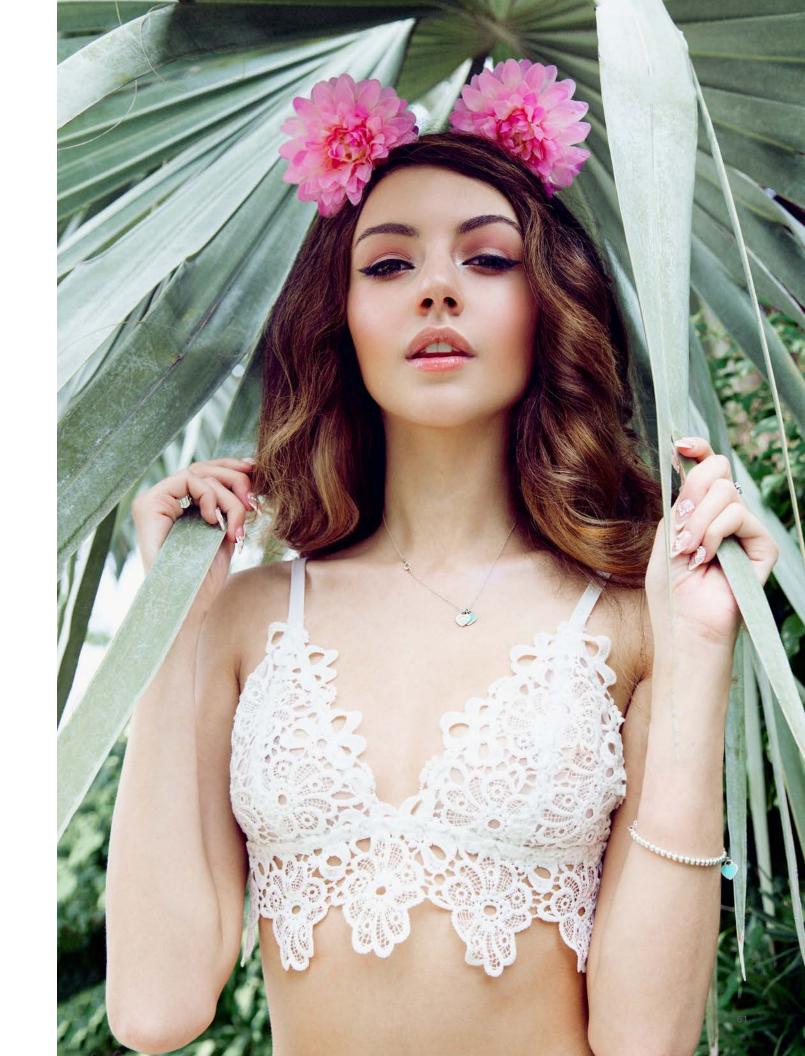

7. For what are you most grateful today?

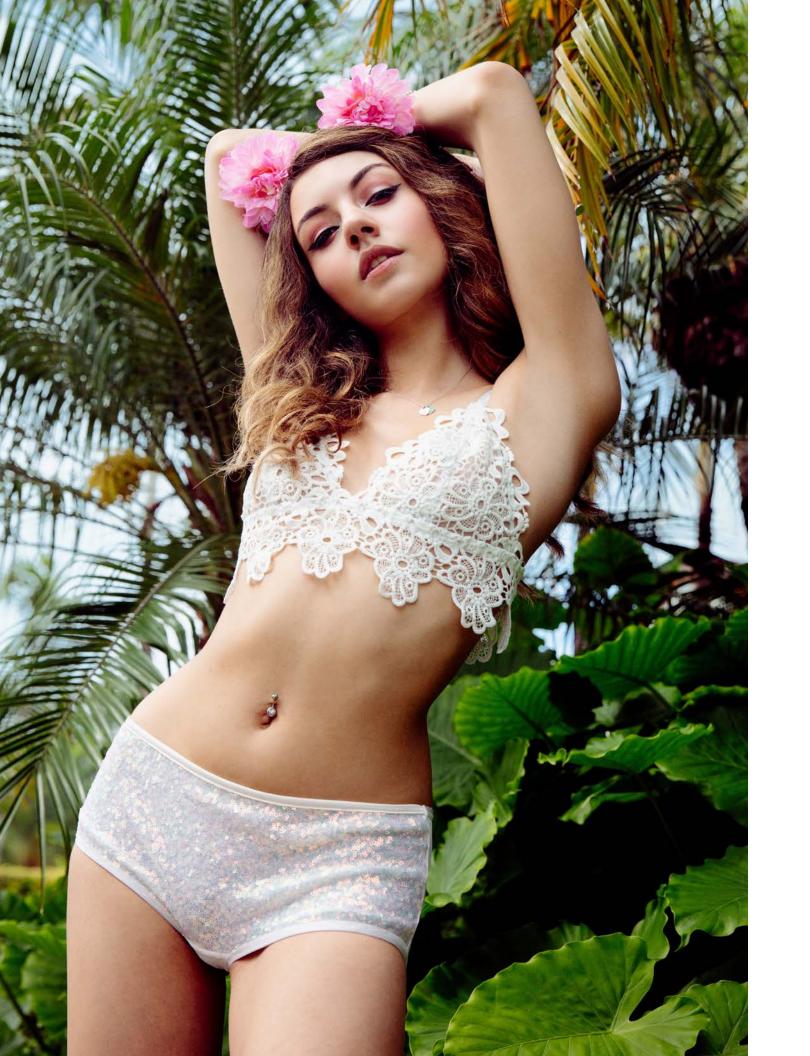

I'm most grateful to be surrounded by so many people who care about me and accept me for who I am. There are times when my depression gets to me and it's really nice knowing that I don't have to hide it. Instead of hiding and feeling alone, I can log online and talk about it openly and know that the same people who accept me when I'm bubbly and cheerful are the people listening to me vent, who care and understand. Sometimes I'm taken aback when someone remembers so much about who I am or what I like! It's a really great feeling.

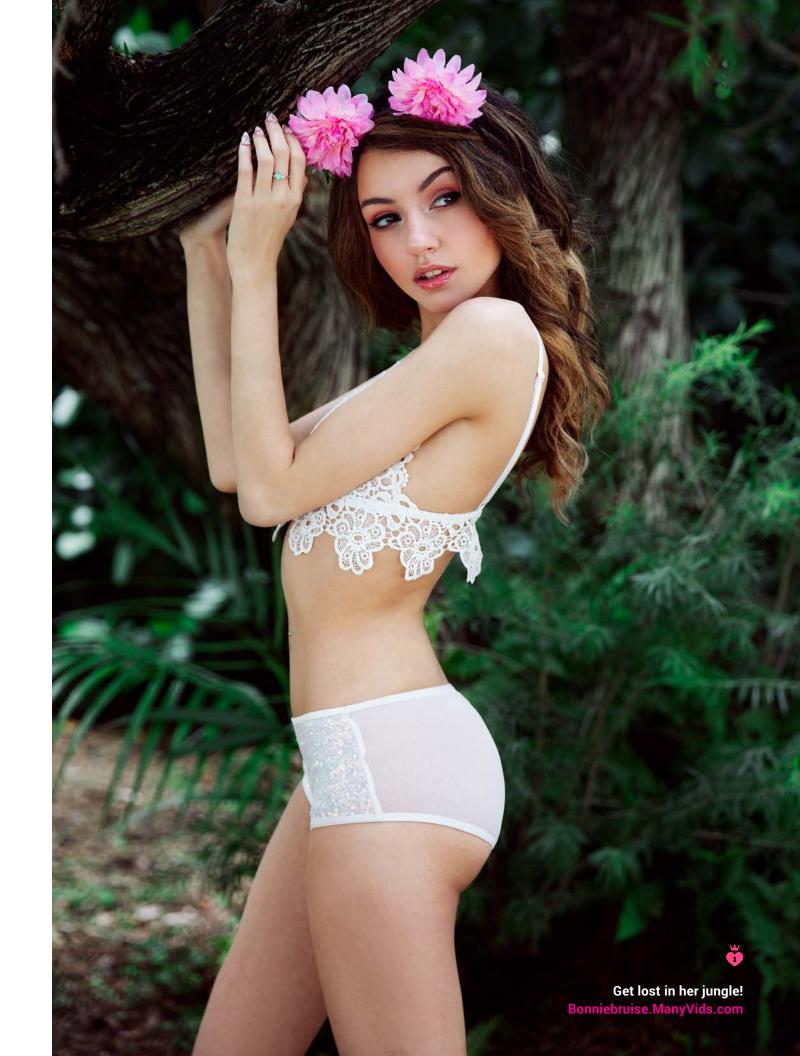

8. Where do you see the adult industry in 10 years? Are there any new trends you're starting to see emerge?

Honestly with how quickly technology advances there's really no telling how the online adult industry will evolve let alone myself. Obviously, I never would have imagined myself being a part of this industry 10 years ago. Things can change so quickly! I look forward to the future!
